Although Sportech believes that the expectations reflected in such forward-looking statements are reasonable, Sportech can give no assurance that such expectations will prove to be correct. Proposed Delisting

The Board has undertaken a review to evaluate the benefits and drawbacks to the Company and its shareholders of its admission to trading on AIM. This review has acknowledged the significant burdens (financial and non-financial) associated with its status as a publicly traded company, particularly given the scale of the Sportech group's business. For this reason, the Board has concluded that Cancellation and Re-registration are in the best interests of the Company and its shareholders as a whole.

A circular will be sent to shareholders setting out the background to and reasons for the proposed Cancellation, Re-registration and associated adoption of the New Articles ("Circular"). The Circular will also contain a notice convening a general meeting ("General Meeting") at which shareholders will be invited to consider and, if thought fit, approve the proposed Cancellation, Re-registration and associated adoption of the New Articles. The Circular is expected to be posted to shareholders in the second half of September.

Background to and reasons for the Cancellation and Re-registration are noted in detail on the Company's website and within the RNS news releases issued Monday, 11th September 2023. www.sportechplc.com
